My dear Mirza.
I send you the enclosed.
Whether there is any truth
or not in the statement
it is easy for the authorities
to have a sufficient Police
force to prevent anything
of the kind happening. Recent
events have shown that the
Police were not strong
enough to control a mob
of students - I shall hope to
see you this morning, but I fear I shall
be out most of the day.

Yours sincerely,
R. Campbell

Monday night

My dear Mirza.
Many thanks for
your reassuring note - not
that I believe that anonymous
petition to be true. Surely
it is not likely that the
Students will form any
trouble, for what earthly
matter can they have?
I saw Mr. Petrie
(H.H.'s Police officer)
at the Club this evening.
He told me he wanted
to have a talk on Police

See you tomorrow!

Yours truly

R. Lawrence

arrangements, and he agreed, at my suggestion, to come to his office at 3. pm tomorrow, with our I. G. Police, and see both you tenants. I hope this hour will suit you. If not he can come later. He is leaving Mysore tomorrow night.

We have heard today that our Motor car has completely broken down up at Ooty — as the Crown-wheel is broken. My daughter & son are returning here by train, arriving on Monday. I have told Oaker also to send his Car by train to Bangalore, where I hope Castel-Nuovo can repair it. My yesterday I paid Castel-Nuovo one Rs 400/- for a new second gear & this repairs!

Hasn't we got rotten luck? I was planning a visit to Kakenkoli & this Convey for my son Falls, not to speak of this Excursion, but now this is all knocked on the head — "Kismet"
